

# How to Order PCB's using JLPCB

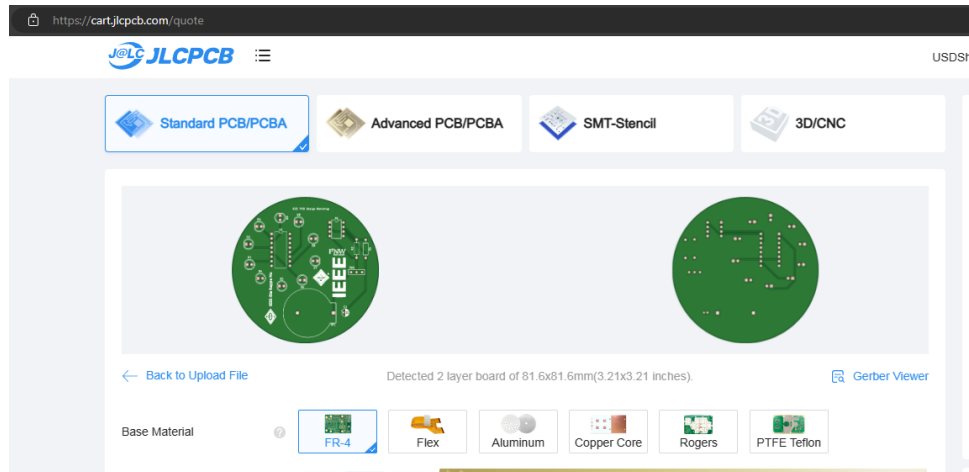

1. Visit the website (<https://jlcpcb.com/>) and login/create a JLPCB account.

2. In the top menu, select “Order” which takes you to the order page.

3. Add the zip file (“fab.zip”) in the “Add Gerber file” box, this will display the front and back side of the PCB board.

4. Make sure the base material is selected to FR4. Change the “PCB Qty” to required number of PCB’s (Ex: 20).

← Back to Upload File

Detected 2 layer board of 81.6x81.6mm(3.21x3.21 inches).

Gerber Viewer

Base Material

FR-4 Flex Aluminum Copper Core Rogers PTFE Teflon

Layers

1 2 4 High Precision PCB 6 8 10 12 14 16 1

Dimensions

81.6 \* 81.6 mm

PCB Qty

20

Product Type

Industrial/Consumer electronics Aerospace Medical

5. You should see the final price of the shipment on the right part of screen, and if everything seems alright, make the payment to confirm your order.
